# Chichibugahama Beach Bus Loading/Unloading Zone

- When loading or unloading bus passengers at Chichibugahama Beach, please use the place designated on the map, as stopping on the side of the road will cause a traffic jam.
- There is no staff at the drop off, so please move the cones and barriers by yourself. The loading zone is small, so we recommend backing the bus in.
- Please be sure to return cones and barriers to their original position when you leave.
- This space is only for loading and unloading passengers. After you have unloaded passengers, please move the bus to the Chichibugahama Beach bus parking area.
- Please be respectful of neighboring residents.

Please feel free to use the loading/unloading zone through March 15, 2018.
