	Mon 6/13 – Mon 6/20	19:20		Mon 12/29 – Sun 12/25	17:00
	Mon 6/27 – Thurs 6/30	19:20			

The dates on this calendar represent days where low tide and the sunset coincide. At this time, large tidal pools can be used to create the mirrored effect.

The best pictures can be taken from 30 minutes before to 30 minutes after sunset.

As with any natural phenomenon, Chichibugahama Beach is subject to the weather and other factors. Some days on this calendar may not have ideal conditions.
